

Remarks

Applicant's undersigned Attorney thanks the Examiner for a kind and thorough review of the Claims. The pending claims have been canceled, and a new claim was previously submitted. During the interview Applicant's undersigned Attorney discussed, with the Examiner, the prior art of record and several features which may render Applicants' invention patentably distinct from the art of record. Applicant's undersigned Attorney attempted to incorporate these features in the proffered claims.

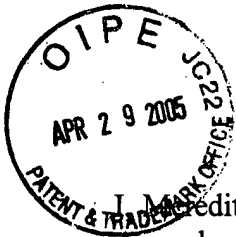

The newly proffered Claim 12 is patentably distinct from all of the art of record by the claimed use of the defined key and the use of unigraph bics, digraph bics, and trigraph bics in the proffered method, which is set forth in the Claim 12.

For all of the foregoing reason, the new Claim 12 is allowable over the art of record and such allowance is respectfully requested. If the Examiner has any further questions regarding this matter, he is invited to contact Applicant's undersigned attorney at (248)-324-7787.

Respectfully Submitted,

John G. Chupa (Reg. No. 33,483)
